Dear Dr Berz, Dr Makino and Dr Wan,

**RE: Author affiliations in frontmatter of *An Introduction to Beam Physics***

I would like to offer our sincere apologies for the fact that this book initially published with inaccurate author affiliations. This was a publisher error, and I can confirm that you as authors were in no way responsible for this.

As you are aware, we are in the process of pulping the existing copies in our warehouses and reprinting at our expense.

Any customer who purchased a copy from the original printing would be very welcome to email me on [francesca.mcgowan@tandf.co.uk](mailto:francesca.mcgowan@tandf.co.uk) and we will be pleased to arrange for them to receive a replacement copy, which will include the correct affiliations, free of charge.

Thank you very much for your patience as we resolve this issue for you.

With best wishes,

*Francesca McGowan*
